LE ORIGINI

Prodotti unici da una terra unica.

L'innovazione di RIVEDIL segue il solco millenario di antichi saperi ancora oggi in uso. E' dalla lenta cottura in fornaci a legna delle rocce calcaree della nostra terra che trae forma la calce, e dalla lunga stagionatura in speciali fosse nasce il pregiato grassello di calce, materia naturale ed ecologica, alla base di tante nostre finiture e rivestimenti decorativi unici... Com'è unico il prodotto di un territorio unico.

LES ORIGINES

Produits uniques venant d'une terre unique.

L'innovation de RIVEDIL suis une empreinte millénaire d'anciens savoirs très précieux jusqu'aujourd'hui. C'est d'une cuisson lente dans des fourneaux à bois de roches calcaires de notre terre que prend forme la chaux, et de la longue maturation dans des spéciales fosses née la précieuse chaux éteinte, matière naturelle et écologique, qui est à la base de beaucoup de nos finitions et revêtements décoratifs... Un produit unique, venant d'un territoire unique.

THE ROOTS

Unique products from a unique land.

The innovation of RIVEDIL follows the millenary furrow of ancient knowledge still in use today. It is from the slow cooking in wood-burning furnaces of the limestone rocks of our land that the lime is formed, and from the long seasoning in special pits that the precious lime fat is born, natural and ecological material, at the origin of many of our unique finishes and decorative coatings... As unique as the product of a unique territory is!

Cosimo Codardo

Dalla precedente pluriennale esperienza del fondatore Codardo Cosimo – produttore dal 1961, nasce l'azienda Rivedil a Salice Salentino – Lecce.

Grazie alla tenacia, l'estro, la creatività ed alla costante innovazione oggi siamo fieri di esportare nel mondo l'eccellenza italiana che ci rende protagonisti nel campo delle finiture e rivestimenti decorativi giudicati unici e di altissimo pregio. Esperienza, passione e ricerca della qualità si concretizza, non solo nella produzione di speciali decorativi come lo Stucco Spaccante (prodotto brevettato) e la produzione di floccoli, o molti altri raffinati e lussuosi decorativi, oggi più di ieri, anche nel settore delle pitture e rivestimenti per interni ed esterni.

Produzione di qualità, particolari unici e ricercati, personale esperto, consulenti professionali e rete vendita diffusa fanno di Rivedil un importante punto di riferimento in Italia e nel mondo per privati, applicatori ed imprese di settore e studi professionali d'architettura e design.

Par la pluriannuelle expérience du fondateur Cosimo Codardo, producteur depuis 1961, née l'entreprise Rivedil à Salice Salentino, Lecce.

Grace à la ténacité, à l'inspiration, la créativité et à la constante innovation, aujourd'hui nous sommes fiers d'exporter dans le monde entier l'excellence italienne qui nous rend protagonistes dans le domaine des finitions et des revêtements décoratifs jugés uniques et de grande qualité.

Expérience, passion et recherche de la qualité se concrétisent, pas seulement dans la production des décoratifs spéciaux comme l'enduit « Spaccante » (craquelé) et la production des flocons, ou d'autres décoratifs luxueux et raffinés mais aussi dans le domaine des peintures et des revêtements pour l'intérieur et l'extérieur.

Production de qualité, détails uniques et raffinés, personnel qualifié, conseillers professionnels et un consistant réseau de vente font de Rivedil un important point de repère pour applicateurs, entreprise spécialisées dans le domaine et études professionnelles d'architecture et design.

From the previous long-term experience of the founder Codardo Cosimo (producer since 1961) was born the company Rivedil, in Salice Salentino in Lecce, Italy.

Thanks to his tenacity, inspiration, creativity and constant innovation, today we are proud to export the Italian excellence that makes us leaders in the field of decorative finishes and coatings, which are considered unique and of the highest quality.

Our experience, passion and pursuit of quality are not only reflected in the production of special decorative products such as Stucco Craquelée (patented product) and the production of flakes, or many other refined and luxurious decorative products, today more than ever before, but also in the field of interior and exterior paints and coatings.

Quality production, unique and refined details, expert staff, supported by professional consultants and a widespread sales network make the company Rivedil an important point of reference in Italy and worldwide for privates, applicators and companies in the sector and professional architectural and design studios.

"QUALITÀ E RESPONSABILITÀ

Selezioniamo accuratamente ogni materia prima e formuliamo i nostri prodotti affinché siano performanti, affinché eccellino esteticamente, ma soprattutto perché siano concepiti nel rispetto della salute e dell'ambiente. Rivedil rispetta le normative europee sulla riduzione dell'inquinamento atmosferico, outdoor e indoor, derivante dai VOC (Volatile Organic Compounds), formulando sapientemente prodotti dal minimo impatto ambientale con risultati di gran lunga inferiori ai tassi limite previsti per legge.

I nostri loghi Low Voc, A+, e Voc Free contraddistinguono tale impegno.

ÉCOLOGIE

QUALITÉ ET RESPONSABILITÉ

Nous choisissons soigneusement toutes les matières premières et nous formulons nos produits pour qu'ils soient performants, d'une esthétique marquante, mais surtout qu'ils soient conçus dans le respect de la santé et de l'environnement. Rivedil, respecte les réglementations européennes concernant la pollution atmosphérique, outdoor et indoor, dérivant de VOC (Volatile Organic Compounds), en formulant sagement des produits que minimisent leur impact sur l'environnement et que produisent des résultats évidemment inférieurs aux valeurs minimales imposés par la loi.

Nos logos Low Voc, A+, e Voc Free caractérisent cet engagement.

ECOLOGY

QUALITY AND RESPONSIBILITY

We carefully select every material and formulate our products so that they are high-performance, aesthetically excellent, but above all respectful of health and the environment.

Rivedil complies with European regulations regarding the reduction of air pollution, both outdoor and indoor, deriving from VOCs (Volatile Organic Compounds), skilfully formulating products with minimum environmental impact and which express results much lower than the limit values required by law.

Our Low Voc, A+, and Voc Free logos distinguish this commitment.
